CARE ABOUT YOUR BELONGINGS? BETTER INSURE THEM.

No one likes to think about accidents but the truth is they happen every day. Flat screen TVs are shattered, antiques fall apart and occasionally a moving truck gets T-boned in an intersec-tion. If you have moving insurance, these are minor events. If you don't, you could be paying big money to replace stuff you already paid for!

LIKE YOUR STUFF A LITTLE OR A LOT? CHOOSE FROM FIVE LEVELS OF COVERAGE.

By law, the amount of coverage your moving company can provide for your shipment is limited. If you want comprehensive protection, choose real moving insurance from MovingInsurance.com. See the chart below for a comparison of your options.
